I have served on the Commission for one term. We are just beginning a new phase and seeking expanded opportunities to serve the community. I am quite excited about the new possibilities and eager to be part of the planning stage.

How has your view of the role of this Commission changed since your first term?

The Commission has evolved into a group that is more interested in actively participating in the community. During the past year the commission has continued to evaluate the essays—which is an interesting and important role, particularly as it relates to the school district. The group has worked with a couple having difficulties with the neighbors and the police. The group has joined with the United Way to present a community diversity conversation and has plans to continue joining with groups to make presentations/gatherings around human rights and cultural issues.

Other Comments: *(Include any further information you would like the City Council to consider or that you feel is relevant to re- appointment. You may also attach other materials you would like the Council to consider.)*

I have regularly attended and been an active participant on the Commission.

Civic and Volunteer Activities:

PTA member, treasurer and committee member

St. Michael's Lutheran Church, council member, various committees and activities

Please state your reasons for wanting to continue to serve on the Commission:

(Be as specific as possible - use additional sheet if necessary)

In the few months that I have been on the commission I have learned a lot about how the commission and the city of Roseville function. As people have learned that I am on the commission they have started to ask me questions and give me

suggestions. I continue to believe in listening carefully to a variety of points of view in order to increase understanding and cooperation. Also, my background in biology and environmental science has helped me to understand many of the issues the commission deals with, and has allowed me to make positive contributions. I can now envision some positive ways that I could contribute to promoting the use of bike paths and community involvement in environmental programs. This spring, and most likely next fall I will not be teaching night courses, and this will enable me to participate in a wider variety of meetings and volunteer opportunities.

How has your view of the role of this Commission changed since your first term?

I was not entirely clear about what the commission would be concerned with. Now I have a much better idea of the issues and concerns. I have a better idea of how the city functions, so I have a better understanding of how I can best serve the city. I particularly see new opportunities to increase my involvement and the involvement of my neighbors.

Other Comments: *(Include any further information you would like the City Council to consider or that you feel is relevant to re- appointment. You may also attach other materials you would like the Council to consider.)*

I have enjoyed meeting and working with the committee, Deb Bloom and Duane Schwartz and would like to thank the council for giving me the opportunity to serve on the committee. I think that I have made positive contributions to the committee and hope to be able to continue to serve.

my passion is volunteering for my community to help make it a better place to live for every one. With the current economic situation in our country, this community will see its residents relying more heavily on our community resources for recreation and I want to continue to help find economical ways to meet those needs and maintain the high quality of Parks and Programs that Roseville is known for.

How has your view of the role of this Commission changed since your first term? The current

state of the economy is the biggest factor that has changed my role as commissioner. The need to do more with less these days. We all have wish lists for our community that now need to be tempered by what we can afford and maintain, all this while trying to give the residents what they want & need. This is by far the biggest challenge we face as a Commission advising the City Council on these

Other Comments: (Include any further information you would like the City Council to consider or matter that you feel is relevant to re-appointment. You may also attach other materials you would like the Council to consider.)

I feel that I bring experience & history along with my love of this community to the Parks & Recreation Commission. And I would enjoy serving one more term. My work with the Ramsey County Parks & Recreation also gives me insight on the helps to give me insight on how the county is working on some of the same problems we are currently facing. This is what I can bring to the Roseville Parks & Recreation Commission for my second term.

Name: Margo R. Fjelstad

City/State/Zip: Roseville, MN 55113

Work Experience: I am currently employed as a Senior Manager within the Information Security division at Thrivent Financial for Lutherans. In my current position, I am responsible for oversight of Identity and Access Management programs and personnel. Prior to Thrivent, I held various positions at USBank. My work experience includes staff development and management, program and project management, as well as technical leadership and strategy development.

Education Experience: I am a graduate of St. Olaf College, Northfield, MN, with a BA in American Studies and Speech Communications.

Civic and Volunteer Activities: My volunteer focus is on life fundamentals. I am a board member at the Minnesota Literacy Council. This nonprofit statewide organization provides direct and indirect literacy services to adults, children, volunteers and community programs around Minnesota. I have participated in several events and opportunities in Thrivent Builds, a partnership with Habitat for Humanity. In addition to housing and literacy, I have also participated in Feed My Starving Children. When basic needs of home, food and education are met, I believe that people will have greater opportunities to continue enhancing and improving their lives.

Please state your reasons for wanting to continue to serve on the Commission:

(Be as specific as possible - use additional sheet if necessary)

I have lived in Roseville for almost five years. I continue to be concerned about this city and its future. I believe that the administration of an ethics code is a very important aspect of the life of this city. I've attended both the Creating a Welcoming Community and Roseville required Ethics training since being appointed to the Ethics Commission. Both of these provided exceptional

opportunities for me to become more involved and familiar with Roseville, its formal and informal leaders and being to understand the importance of the Ethics commission. Clearly there is a great deal of passion for extending the enthusiasm that the Mayor and City Council have for the future of Roseville. I continue to be excited and interested in sharing in this experience and using my skill and experience with the Roseville community.

How has your view of the role of this Commission changed since your first term?

My view of the role of the Ethics Commission was enhanced when I attended the Ethics training session. It's very clear that the Mayor, City Council and City Management are very supportive of the role and efforts of the Ethics Commission. Support of the Ethics Commission is required to ensure that the goals and mission of the Ethics Commission are supported and influenced positively.

Other Comments: *(Include any further information you would like the City Council to consider or that you feel is relevant to re- appointment. You may also attach other materials you would like the Council to consider.)*

I am certainly interested in continued involvement with the Roseville Ethics Commission. I really feel that I need more time on the Ethics Commission provide a more complete response. I look forward to this being the case with my re-appointment to the Ethics Commission.
