

ROSEVILLE
REQUEST FOR COUNCIL ACTION

Date: 05-11-2009

Item No.: 13.a

Department Approval

Acting City Manager Approval

Item Description: Update to City Council on Code Enforcement actions taken to resolve current public nuisance violations at various Twin Lakes properties.

BACKGROUND

At the March 30, 2009 City Council meeting the Council directed staff to inspect the Twin Lakes redevelopment area and act upon any public nuisances observed. Staff inspected the Twin Lakes area in early April and observed the following violations:

- 2814 Cleveland Avenue (Dorso):
 - Junk and debris.
 - Building in need of maintenance.
- 2001 County Road C (Roseville Properties):
 - Building not secure.
 - Building in need of maintenance.
- 2690 Prior Avenue (P.I.K.):
 - Building not secure.
 - Graffiti.
 - Junk and debris.
 - Building in need of maintenance.
- 2660 Cleveland Avenue (Roseville Properties):
 - Two buildings not secure.
 - Buildings in need of maintenance.
- 1947 County Road C (Roseville Properties):
 - Two buildings not secure.
 - Graffiti.
 - Buildings in need of maintenance.

On April 17th notices were sent to all property owners identifying observed violations and requesting that public nuisances be corrected within 14 days. The notices addressed the more significant of the issues such as: buildings not secure, graffiti and junk/debris. Building maintenance issues were deferred in order to take care of the more imminent public safety issues first.

On May 5th, staff re-inspected each of the sites for compliance. Some of the identified public nuisances had been corrected while some had not:

- 2814 Cleveland Avenue (Dorso) – violation not corrected.
- 2001 County Road C – (Roseville Properties) violation corrected.
- 2690 Prior Avenue – (P.I.K.) violations corrected.

32 o 2660 Cleveland Avenue – (Roseville Properties) violations not corrected, also additional
33 debris dropped on site.

34 o 1947 County Road C – (Roseville Properties) violations not corrected.

35 Staff has had contact with representatives of Roseville Properties. In preparation for the demolition of
36 the their buildings, they have opened up the building for inspections by demolition contractors. They
37 are planning on tearing down the buildings in the next 60-90 days, and would like to hold off making
38 any corrections (i.e. painting over the graffiti).

39 Staff is prepared to send second notices to those property owners who had not completed corrections.
40 However, given the potential of the buildings at 2660 Cleveland Ave. and 1947 County Road C to be
41 torn down in the near future, the City may want to consider holding off sending a second notice at this
42 time. Staff would, however, send the second notice to 2814 Cleveland Ave as it relates to junk and
43 debris on the property. The notice will state that if corrections were not completed in 10 days, the
44 next course of action would be for the City to abate the violations.

45 For a historical perspective, a history of code enforcement actions taken in the Twin Lakes
46 redevelopment area is attached (Attachment A).

47 A status update, including pictures, will be provided at the Council hearing.

48 The City Attorney will be prepared to discuss the Hazardous Building Law and how the City could
49 initiate the procedure if desired.

50 **POLICY OBJECTIVE**

51 The City goals within the Comprehensive Plan are to protect and improve property values (Goal 3, 4,
52 and 5; page 6 and, Section 3) and to adhere to performance standards which protect the integrity of the
53 housing units and the neighborhood (Policy 6, page 8, Section 3).

54 **FINANCIAL IMPACTS**

55 Costs for abatements undertaken by the city are collected from the affected property owners:

56 In the short term, costs of abatements on commercial properties are paid out of the Community
57 Development Department budget.

58 Each property owner is then billed for actual and administrative costs. If charges are not paid, staff
59 recovers costs as specified in Section 407.07B.

60 **STAFF RECOMMENDATION**

61 Staff recommends that the Council direct Community Development staff to continue to work with the
62 property owners to correct the code violations.

63 **REQUESTED COUNCIL ACTION**

64
65 Will be based on discussion.
