

Program Safety Sheet

PROGRAM NAME: Ninja Warrior – Revolutionary Sports

The following safety sheet has been created to share important information to keep participants and instructors safe. If you have any additional questions, please contact the Program Supervisor:

Carrie Anderson, 651-792-7106, carrie.anderson@cityofroseville.com

Program has been modified:

All Ninja Warrior program plans are created with CDC and MDH guidelines, social distancing, and safety in mind. Each obstacle will have specific directions on how to implement with social distancing and what cleaning procedures are to happen during and after.

- Staff will have masks when they are within 6 feet.
- Staff will be instructed to stay minimally 6, ideally 10 feet away whenever possible.
- Participants will be instructed to social distance.
- Participants will take turns on the obstacles to ensure social distancing.

Arrival and Departure Information:

Check In

- Parent/guardian will check in with instructor at a designated location at one end of the field.
- Parent/guardian and participants are asked to follow social distancing when checking in.
- Once checked in the staff will direct the participant to their spot for the day.
- Parents/guardians are reminded to pre-screen children prior to arriving to daily activity.

Check Out

- Participants will be dismissed one at a time from their station to ensure social distancing once program is completed.

Symptoms of COVID-19 can include cough, shortness of breath, fever, chills, headache, muscle pain, sore throat, or loss of taste or smell. Other less common symptoms include gastrointestinal symptoms like nausea, vomiting, or diarrhea. These symptoms may appear 2-14 days after you are exposed to the virus that causes COVID-19. Not everyone with COVID-19 has all of these symptoms, and some people may not have any symptoms.

Talk to your health care provider if you have questions or concerns about symptoms.

Participant Pre-Screening

Participants are responsible for pre-screening for COVID-19 symptoms prior to arriving at an activity. Participants who have or live with someone who displays symptoms of COVID-19 or have a fever of 100.4 or above should stay home and not attend the program/activity. Parents should screen their children prior to bringing them to an activity which includes a temperature check. Upon arrival, an instructor will ask if the participant has been screened and if symptoms exist. If participant has not been screened or if there are symptoms, participants will not be allowed to stay or participate.

Spectator Information:

- In order to stay compliant with CDC and MHD guidelines as well as ensure a secure and clean environment for participants and instructors, we ask that families please limit the amount of spectators at program.
- Spectators will be asked to watch from a distance while social distancing from other spectators.

Basic Cleaning Information:

- Obstacles will be disinfected at the beginning and end of day.
- After going through obstacles, participants will be given hand sanitizer to sanitize hands.
