

Program Safety Sheet

PROGRAM NAME: Youth Dance (Updated 12/29/20)

It is important to note that all Roseville Parks and Recreation programs have been planned, developed and conducted following the Center for Disease Control (CDC) and MDH guidelines for Social Distancing in Recreational Programs. Please be aware there is some risk of participating in any activity during the pandemic. Even though we are working to provide as safe as an environment as possible, 100% mitigation cannot be guaranteed for any activity.

Program Coordinator: Rachel.Elliott@cityofroseville.com

Program has been modified:

- Youth Dance will limit the number of registered participants to ensure social distancing can be practiced in the studio. There will be taped squares on the dance floor to assist with distancing.
- No accessories will be used in classes that cannot be easily cleaned and disinfected.
- No shoe cubbies will be used. Dancers will be asked to come in dance shoes, if possible. Please bring a small bag that can hold all dance shoes, water bottle and face covering at the edge of the dancer's designated dancing space.
- **Instructors and participants over 5 years old are required to wear masks during the duration of the class. Children between the ages of 2 and 5 are not required to wear a mask, but are encouraged to wear a mask when possible.**

Instructors are working hard to try to provide and virtual observation platform for students to take class from home if any COVID symptoms arise.

Arrival and Departure Information:

- Please show up no more than 5 minutes prior to your class beginning. Instructors will be disinfecting between classes and will need time to prep the studio.
- Participants will be asked to wait outside the studio for instructor direction.
- Parents or guardians are required to prescreen students for covid symptoms including a fever prior to each class. Upon arrival, instructor will ask parent/participant if they have been screened for COVID-19 symptoms and if any symptoms exist.
 - If a dancer has not been screened or shows any symptoms they will not be able to participate in in-person class.
- During pick up, parents are encouraged to wait outside due to capacity limits of the studio. Dancers will be dismissed individually.

Spectator Information:

- The studio has a capacity of 10 people total including instructors. Due to this limit, we request that parents wait outside or in a vehicle during dance class.
 - This does not apply if you are registered for Baby Ballet (Parent/Child class)
 - If you have a child who may require a parent presence, please contact Rachel Elliott prior to your first class.
 - *Teachers are working hard to try to provide and virtual observation platform for parents to watch their dancers classes live.*

Basic Cleaning Information:

- Disinfect high touch surfaces before class, in between classes, and end of day

Facial Covering Information:

- Instructors and participants over 5 years old are required to wear masks during the duration of the class. Children between the ages of 2 and 5 are not required to wear a mask, but are encouraged to wear a mask when possible.
- Parents who are participating in Baby Ballet or for any other reason, will be required to wear a face covering.

Other Information:

Dance classes have been coordinated to be either virtual or in-person. When able, classes will be held in-person, however, participants may choose to participate virtually. Classes may also be virtual due to instructor illnesses or other situations. Rachel Elliott will communicate any changes via text message and the BAND app page for individual classes
