

## 2022 Golden Rose Medallion Found

The 2022 Golden Rose Medallion Hunt was won by the Malcolm family. It was day two of this year's Golden Rose Medallion Hunt when Marie, Matt, Violette, Lucie and Ruby found its hiding place on Friday, June 24 in Reservoir Woods. Roseville Parks and Recreation was notified on Friday that the Medallion had been found. The Medallion was hidden in Reservoir Woods at the base of a downed tree and under leaves. While searching some paths at the bottom of the hill in Reservoir Woods, they decided to go home. As they were leaving the park, one of the children insisted on looking again at a path they already searched. As they were walking down the path, they paused to read a posted sign about invasive species along the path. They looked down and saw a hollow, fallen tree. After taking a closer look, they saw a slight glimmer of something purple and realized it was the medallion!

Reservoir Woods was the first and only park we searched!
