

RAMSEY COUNTY

Hamline Avenue Projects

From County Road C to Snelling Avenue

Neighborhood Meeting #1 - Thursday, May 1, 2025

www.cityofroseville.com/hamline

Project Scope

The City of Roseville, in partnership with Ramsey County and the City of Arden Hills, has combined several construction efforts into one project to make design and construction more efficient, and to limit impacts during construction. The elements of the 2026 Hamline Avenue Project are:

- **New pathway on west side of road from County Road C to Josephine Road.**
- **New pathway on east side of road from Josephine Road to Snelling Avenue in Arden Hills.**
- **Resurfacing of the roadway from County Road C to Snelling Avenue (TH 51) in Arden Hills.**
- **New watermain from Josephine Road to Glenhill Road.**

Doing the pathways at the same time as the road allows us to narrow the road pavement and lessen the impacts of a new path to trees, yards, and driveways. Doing the watermain at the same time as the road and path projects reduces the amount of time the road may be closed and eliminates the need to pave the road twice. At this time, no permanent easements are anticipated for this work; however, temporary easements may be needed to allow for grading of yards, etc.

In addition, in fall of 2025 Ramsey County plans to complete a storm sewer improvement project on Hamline at Clarmar Lane. More information on the construction timeline and impacts to the traveling public will be available on Ramsey County's project webpage.

Funding

The project costs will be funded with a combination of funds from all three agencies – City of Roseville, City of Arden Hills, and Ramsey County. **There will be no assessments** to property owners for these improvements.

Tentative Schedule

May 1, 2025 – Public Engagement Kickoff

Summer 2025 – Preliminary Design

Winter 2025 – Final Design and project bidding

Summer 2026 – Construction
