

ROSEVILLE
REQUEST FOR COUNCIL ACTION

Date: 11/22/10
Item No.: 9.b

Department Approval

City Manager Approval

Item Description: Adopting the 2011 Fee Schedule by Ordinance

BACKGROUND

Each year the City Council is asked to adopt a Fee Schedule which establishes the fees and charges for service for the City's regulatory functions. The presence of a fee schedule allows regulatory-type fees to be easily identified in one document, as opposed to being scattered throughout City Code. In addition, a fee schedule adopted on an annual basis provides the Council the opportunity to review fees for services in a comprehensive manner.

Over the past several months, Staff has reviewed the direct and indirect costs of the City's regulatory functions to determine whether fee adjustments are necessary. In general, it was determined that the fees were appropriately set with a few exceptions. Based on this analysis, Staff recommends adjustments to the following existing fees:

- ❖ Amusement device
- ❖ Erosion control permit fees
- ❖ Police and Fire false alarm fees
- ❖ Vehicle forfeiture impound fee
- ❖ Administrative fines for animal/pet Code violations
- ❖ Building/demolition permit fees
- ❖ Grading plan review/permit fees
- ❖ Manufactured home permit fee
- ❖ Mechanical/Moving/Plumbing/Sewer Connection/Water Connection/Swimming Pool permit fees
- ❖ Land use permit and miscellaneous fees

City Staff is also recommending the establishment of new fees to offset costs currently funded by non-program revenues. They include:

- ❖ Erosion control permit renewal fees
- ❖ Residential stormwater permit/renewal permit fee

A brief description of these new fees is shown below.

33 Erosion Control Permit Renewal Fees

34 This fee would be collected when an erosion control permit is not closed out within one year of issuance.
35 To establish the fee for this permit, Staff has reviewed actual hours spent on erosion control permit
36 inspection in comparison to the fees collected we have also looked at the number of permits that have taken
37 more than one year to close out. The fee is set based on the estimated staff time for additional site visits
38 when a permit it in place for over one year.

39
40 Residential Stormwater Permit Fee

41 With the implementation of the new zoning code, there will be the ability by residential property owners to
42 propose excess impervious coverage as long as they implement on site Storm water Best Management
43 Practices (BMPs). These permits require additional Engineering staff time to review and approve. This
44 includes meeting with property owners, visiting the site, reviewing site plans and BMP calculations,
45 drafting a maintenance agreement, attorney time, filing agreements at the County, and final inspection of
46 the installed BMP.

47
48 There is also the need to track and verify that these BMPs stay in place over the long term, this would be
49 accomplished through the recertification of the BMP every 5 years. As a result, we propose that new fees
50 be added to the fee schedule for these "Residential storm water permits" and Residential storm permit
51 recertification.

52 **POLICY OBJECTIVE**

53 Adopting an annual fee schedule is consistent with governmental best practices and ensures that the City's
54 regulatory functions are properly funded.

55 **FINANCIAL IMPACTS**

56 Based on the recommended fee adjustments, it is projected that revised fees will generate revenues
57 sufficient to cover the City's added regulatory costs. The applicable revenues and expenditures have been
58 included in the 2011 Budget.

59 **STAFF RECOMMENDATION**

60 Staff recommends that the City Council adopt the 2011 Fee Schedule as attached.

61 **REQUESTED COUNCIL ACTION**

62 Approve the attached Ordinance adopting the 2011 Fee Schedule, which shall go into effect as of January 1,
63 2011.
