Section 1:
Executive Summary

2011 Roseville Community Survey

Executive Summary Report

Overview and Methodology

The City of Roseville conducted a Community Survey during the Spring of 2011. The purpose of the survey was to gauge support for the Parks and Recreation Master Plan and to establish priorities for the future improvement of community parks and recreation facilities, programs, and services. The survey was designed to obtain statistically valid results from households throughout the City of Roseville. The survey was administered by a combination of mail and phone.

Leisure Vision worked extensively with the City of Roseville officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

The seven-page survey was mailed to a random sample of 3,000 households in the City of Roseville. Approximately three days after the surveys were mailed, each household that received a survey also received an automated voice message encouraging them to complete the survey. In addition, about two weeks after the surveys were mailed, Leisure Vision began contacting households by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain a total of at least 600 completed surveys from City of Roseville households. This goal was far exceeded, with a total of 760 surveys having been completed. The results of the random sample of 760 households have a 95% level of confidence with a precision of at least +/-3.6%.

In addition to the Executive Summary (Section 1), this report contains:

- charts depicting the overall results of the survey (Section 2)
- cross-tabular data (Sections 3, 4, 5, and 6)
- tabular data (Section 7)
- survey instrument (Section 8)

The following pages summarize major survey findings:

Major Findings

- **Visiting Park District Parks.** Ninety percent (90%) of respondents have used or visited a City of Roseville Park over the past 12 months. The three parks that respondents indicated that they used or visited most often were: Central Park (81%), Acorn Park (34%), and Lexington Park (32%).

Of the 90% of respondents that have used or visited a City of Roseville Park, 95% rated the physical condition of the parks they visited as either “excellent” (40%) or “good” (55%). The remaining 5% indicated the physical condition as “fair”.

- **Visiting Park District Facilities.** Seventy-nine percent (79%) of respondents have used or visited City of Roseville facilities over the last 12 months. There are three facilities that 35% or more of respondents have used or visited, including: the skating center (42%), City Hall/Civic Center Meeting Rooms (40%), and the Harriet Alexander Nature Center (38%).

Of the 79% of respondents that have used or visited a City of facility, 97% rated the physical condition of the facilities as either “excellent” (40%) or “good” (57%).

- **Park Features.** Eighty-two percent (82%) of respondents have used walking and biking trails in City of Roseville Parks over the past 12 months.

Based on the sum of their top three choices, the City of Roseville Park features that households have used or visited most often are: walking and biking trails (36%), nature trails (36%), and playground equipment (23%).

- **Funding with Tax Dollars.** Based on the sum of their top three choices, the types of walking, biking and nature trail improvements that household members would most support being funded with tax dollars are: improving the maintenance of existing trails and sidewalks (55%), add walking and biking trails in parks (46%), and adding sidewalks along streets (43%).

The improvements or additions to City of Roseville neighborhood and community parks that household members would most support being funded with tax dollars (based on the sum of their top three choices) include: improve walking and biking trails (47%) and to improve nature areas (23%)

Based on the sum of their top three choices, the types of methods for acquisition of open space and park land that household members would most support being funded with tax dollars are: acquire properties that preserve local open spaces (54%) and acquire properties adjacent to existing parks (46%).

The types of athletic fields and support programming spaces that household members would most support being funded with tax dollars are: lighted baseball fields (29%), lighted soccer fields (28%) and lighted softball fields (26%).

- **Potential Indoor Programming Spaces.** Sixty-three percent (63%) of respondents indicated that they would use a walking and jogging track in a new community center. Other potential indoor programming spaces that households indicated that they would use include: weight room/cardio equipment/training area (46%) and aerobics/fitness space (42%).

Based on the sum of their top three choices, the potential indoor programming spaces that households would use most often are: walking and jogging track (52%) and weight room/cardio equipment/training area (32%).

Other Findings.

- Feelings are mixed on how respondents feel the cost for operating a new Indoor Multipurpose Community Center should be paid for. Thirty-seven percent (37%) of respondents feel that “fees should pay the majority of the cost” while thirty-one percent (31%) of respondents feel that “taxes should pay the majority of the cost”. Nineteen percent (19%) of respondents feel the cost should be “paid 100% through fees” and only 2% feel the cost should be “paid 100% through taxes”. The remaining 11% indicated “don’t know”.
- Sixty percent (60%) of respondents feel that the cost for operating a new Youth and Adult Athletic Complex should be paid either “100% through fees” (27%) or that “fees should pay the majority” (33%). Only 21% feel that the cost should be paid either “100% through taxes” (2%) or that “taxes should pay the majority” (19%). The remaining 19% indicated “don’t know”.
- Sixty-four percent (64%) of respondents indicated that \$8 per month or more was the maximum amount of additional property taxes respondents would invest per month over the next 20 years to improve, maintain and construct the types of parks, trails, open space acquisition, indoor recreation, and sports facilities most important to their household. Nineteen percent (19%) indicated that they would invest “nothing”.
- Sixty-nine percent (69%) of respondents would either “vote in favor” (39%) or “might vote in favor” (30%) on a tax increase for the amount of funding they indicated they would support, for the types of improvements they prefer.

Of the 31% that indicated that they would either “vote against” or that they were “not sure”, the majority (54%) indicated they chose their response because: they do not support any tax increase.

- Less than half (44%) of respondents indicated that they were either very supportive or somewhat supportive for the City pursuing legislative action by the state to develop a local option sales tax that would be paid by residents and non-residents purchasing goods in the City of Roseville.

Q17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase. The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

N=760

Q17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase. The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

Q17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase. The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

Q17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase. The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

Q17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase. The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

(N=760)

	Too low 1	About right 2	Too high 3	Don't know 4	Would not support 5
Q17a. Up to \$3 per month over 20 years to construct \$3 million in improvements, additions, & operating costs for walking, biking & nature trails	5.8	60.5	5.8	13.8	14.1
Q17b. Up to \$6 per month over 20 years to fund \$19 million in improvements & replacements of existing facilities & features in neighborhood & community parks	0.8	32.6	28.3	20.0	18.3
Q17c. Up to \$5 per month over 20 years to fund \$16 million to acquire open space & park land	2.5	29.2	17.9	20.5	29.9
Q17d. Up to \$8 per month for 20 years to construct & maintain a \$25 million indoor community center	1.3	27.1	23.8	18.9	28.8
Q17e. Up to \$2 per month over 20 years to construct & maintain a \$7 million youth & adult athletic complex	4.3	36.3	6.7	20.8	31.8

Q18. From the following list, please check the MAXIMUM amount you would be willing to invest PER MONTH in additional property taxes over the next 20 years to improve, maintain and construct the types of parks, trails, open space acquisition, indoor recreation, and sports facilities most important to your household.

Section 8:
Survey Instrument

Community Interest and Opinion Survey: *Let your voice be heard today!*

The Roseville Parks and Recreation Department would like your input to help determine parks, trails, open space and recreation priorities for our community. This survey will take 10-15 minutes to complete. When you are finished, please return your survey in the enclosed postage-paid, return-reply envelope. We greatly appreciate your time.

1. Counting yourself, how many people in your household are:

Under 5 years _____	15 - 19 years _____	35 - 44 years _____	65 – 74 years _____
5 - 9 years _____	20 - 24 years _____	45 - 54 years _____	75+ years _____
10 - 14 years _____	25 - 34 years _____	55 - 64 years _____	

2. From the following list, please check ALL the City of Roseville parks that you or members of your household have used or visited over the past 12 months.

____(01) Acorn Park	____(17) Memorial Park
____(02) Applewood Overlook	____(18) Oasis Park
____(03) Applewood Park	____(19) Owasso Ball Fields
____(04) Autumn Grove Park	____(20) Owasso Hills Park
____(05) Bruce Russell Park	____(21) Pioneer Park
____(06) Central Park	____(22) Pocahontas Park
____(07) Concordia Park	____(23) Reservoir Woods
____(08) Cottontail Park	____(24) Rosebrook Park
____(09) Evergreen Park	____(25) Sandcastle Park
____(10) Howard Johnson Park	____(26) Tamarack Park
____(11) Keller Mayflower Park	____(27) Valley Park
____(12) Ladyslipper Park	____(28) Veterans Park
____(13) Langton Lake Park	____(29) Villa Park
____(14) Lexington Park	____(30) Willow Pond Park

(D) Lighted softball fields
(E) Artificial turf on some fields

- 16. Which ONE of the following statements best represents how you feel the cost for operating a new youth and adult athletic complex should be paid for?**

- ____(1) 100% through taxes
____(2) Taxes should pay the majority of costs, and user fees the remaining costs
____(3) Fees from users should pay the majority of costs, and taxes the remaining costs
____(4) 100% through fees
____(5) Don't know

- 17. Listed below are a full range of parks, trails and recreation facilities that may be considered for improved maintenance, upgrades, or construction by the City of Roseville over the NEXT 20 YEARS should funding be available. Most of these projects would require either a Property Tax and/or Sales Tax increase.**

The cost for each project listed below is an estimated monthly property tax increase that would be paid on a home with an assessed value of \$225,000. For each type of project, please indicate if the amount of additional property tax being considered for the project is too low, about right, too high, don't know, or would not support.

	Too Low	About Right	Too High	Don't Know	Would Not Support
The amount of Additional Annual Property Tax for this type of project is:					
(A) Up to \$3 per month over 20 years to construct \$3 million in improvements, additions, and operating costs for walking, biking and nature trails.....	1.....	2.....	3.....	4.....	9
(B) Up to \$6 per month over 20 years to fund \$19 million in improvements and replacements of existing facilities and features in neighborhood and community parks	1.....	2.....	3.....	4.....	9
(C) Up to \$5 per month over 20 years to fund \$16 million to acquire open space and park land in Roseville	1.....	2.....	3.....	4.....	9
(D) Up to \$8 per month for 20 years to construct and maintain a \$25 million indoor community center.....	1.....	2.....	3.....	4.....	9
(E) Up to \$2 per month over 20 years to construct and maintain a \$7 million youth and adult athletic complex.....	1.....	2.....	3.....	4.....	9

18. From the following list, please check the MAXIMUM amount you would be willing to invest PER MONTH in additional property taxes over the next 20 years to improve, maintain and construct the types of parks, trails, open space acquisition, indoor recreation, and sports facilities most important to your household.

- | | |
|---|--|
| ☐ (1) \$24 per month | ☐ (5) \$8 per month |
| ☐ (2) \$20 per month | ☐ (6) \$4 per month |
| ☐ (3) \$16 per month | ☐ (7) Nothing |
| ☐ (4) \$12 per month | |

19. If a **tax increase** was included in a future vote for the amount of funding you indicated you would be willing to invest in Question 18 and the funds were used to pay to develop and operate the types of parks and recreation facilities your household most prefers, which of the following best describes the way you would vote?

- ☐ (1) Vote in favor [please go to question 20]
☐ (2) Might vote in favor [please go to question 20]
☐ (3) Not sure [please answer question 19a]
☐ (4) Vote against [please answer question 19a]

19a. What is the major reason you are not sure or would vote against? [CHECK ONE]

- ☐ (1) I need more information
☐ (2) I do not support any tax increase
☐ (3) I would support a tax increase over a shorter number of years
☐ (4) Other: _____

20. How supportive would you be of the City of Roseville pursuing legislative action by the state to develop a local option sales tax that would be paid by residents and non-residents purchasing goods in the City of Roseville?

- | | |
|--|---|
| ☐ (1) Very supportive | ☐ (3) Not sure |
| ☐ (2) Somewhat supportive | ☐ (4) Not supportive |

Demographics

21. What is your age? _____

22. How many years have you lived in the City of Roseville? _____ years

23. What is your zip code? _____

24. Your gender: ☐ (1) Male ☐ (2) Female

25. What is the value of your home? (check one)

- | | |
|---|---|
| ☐ (1) Under \$100,000 | ☐ (4) \$300,000 to \$399,999 |
| ☐ (2) \$100,000-\$199,999 | ☐ (5) \$400,000 or more |
| ☐ (3) \$200,000 to \$299,999 | |

26. How many members of your household are registered voters? _____

27. Please share with me any additional comments that could assist the City of Roseville in improving parks, trails, open space or recreational facilities and services.

This concludes the survey. Thank you for your time.
Please return your Completed Survey in the Enclosed Return-Reply Envelope
