Date: 12/05/11
Item No.: 12 . b (amended)

Department Approval

City Manager Approval

Item Description: Adopt the Final 2012 Tax Levy and 2012-2013 Budget

BACKGROUND

State Statute requires all cities in excess of 2,500 in population, to adopt a final tax levy and budget by December 30th for the upcoming fiscal year. The final levy amount must not exceed the preliminary levy that was established in September. However, the Council has discretion in modifying the budget at any time.

At the September 12, 2011 City Council meeting, the Council adopted a 2012 preliminary non-to-exceed tax levy and preliminary budget. The preliminary levy was \$15,291,245, an increase of \$588,201 or 4.0%. By prior Council action, the City Council had dedicated \$500,000 of this increase for vehicles, equipment, and general facilities replacements. The remaining \$88,201 has not been formally designated.

It was noted at the September 12th meeting that the City would no longer have its tax levy artificially reduced to pay for the State's Market Value Homestead Credit Program. As a result, the \$475,000 levy that was in place to make up for the reduction could now be counted on to fund operations.

In adopting the preliminary Budget, the Council designated one-half, or \$237,500, of the MVHC Levy to forgo some of the cuts to the operating budget that had been previously recommended. The remaining \$237,500 has not been formally designated. In addition, the City's healthcare coverage for employees came in at a lower cost than expected. This will allow for \$100,000 in projected savings for 2012.

By virtue of these actions, the City has \$425,701 in available funds for the tax-supported programs that remain undesignated for 2012. The Council could choose to capture these monies and allow for the adoption of a lower tax levy. This would reduce the tax levy increase to only 1.8% or less. However, it is suggested that the Council take this opportunity to review its priorities to determine whether other needs should be met.

The following is a list of potential budget priorities that could be met with the available funds for 2012:

- ❖ \$145,000 to re-establish funding for the Park Improvement Program to current levels
- ❖ \$220,000 to provide for cost-of-living-adjustments (COLA) for all employees **
- ❖ \$30,000 to conduct an employee compensation and comparison study
- ❖ \$30,000 for General Fund's portion of Asset Management Software
- ❖ \$15,000 to accommodate higher than expected fuel prices

❖ \$9,500 for a membership in Metro Cities (formerly the Association of Metropolitan Municipalities)

** This represents the added cost to the tax-supported programs (75% of the total cost).

If the Council chooses to appropriate monies for these initiatives, it will require a corresponding increase in the 2012 Preliminary Budget.

Tax Levy Impact

With the preliminary tax levy adopted on September 12th, a median-valued home would pay an additional \$2.30 per month in taxes compared to the previous year, holding all other factors constant. Should the Council desire to provide some tax relief, a reduction of the proposed tax levy by \$100,000 would save that same median-valued home \$0.42 cents per month.

The Council is reminded that there will also be tax impacts from changes in the State's Market Value Homestead Credit program as well pending bond sales to finance the construction of a new fire station and various park improvements. Those impacts are detailed in the 2012 Budget Fact Sheet shown in *Attachment D*.

Utility Rate Impact

A discussion regarding the recommended 2012 utility rates are described under a separate Council action agenda item.

Final Comments

To further aid the City Council in continuing these discussions, *Attachments E & F* contains the preliminary budget figures.

POLICY OBJECTIVE

Adopting a final budget and tax levy is required under Mn State Statutes.

Background

In an effort to provide a comprehensive summary of the proposed budget and tax levy impacts, a 2012 Budget Fact Sheet has been prepared. This Fact Sheet depicts the *ESTIMATED* financial impact on varying home values based on the 2012 preliminary tax levy, proposed utility rate increases, and debt service impacts from the proposed bond financing for a new fire station and various park improvements.

As of October 17, 2011 the City Council has made the following tentative commitments:

- ❖ Raise an additional \$588,000 annually by increasing the Property Tax Levy by 4%
- ❖ Raise an additional \$2.2 million annually to fund water and sewer infrastructure improvements by increasing the base fees to all water, sewer, and storm sewer customers by 60-65%
- ❖ Issue \$8 million in bonds to finance the construction of a new fire station
- ❖ Issue \$19 million in bonds to finance various park improvements

It should be noted that as of October 17, 2011, final action has NOT been taken on any of these proposals. Final decisions are expected to be taken over the next couple of months.

The financial impacts of these proposals are presented below for single-family homes. Impacts on other property types will vary.

Tax Impact on Single Family Home Owners

The table below depicts the *ESTIMATED* monthly impact from a 4% tax levy increase for varying home values that experience a 4% decline in valuation – the amount expected citywide.

Home Value	2011	2012	\$ Increase	% Increase
\$175,000	\$ 42.74	\$ 44.54	\$ 1.80	4.2 %
200,000	48.85	50.90	2.06	4.2 %
223,900	54.69	56.99	2.30	4.2 %
250,000	61.06	63.63	2.57	4.2 %
275,000	67.17	69.99	2.83	4.2 %

For a median valued home of \$223,900, the monthly impact would be approximately \$2.30 per month. This impact is independent of all other factors.

Additional tax impacts for the proposed bond issues are shown below.

The following tables depict the *ESTIMATED* monthly impact on an \$8 million bond issue for the fire station, and a \$19 million bond issue for park improvements.

\$8 Million Fire Station

Home Value	Impact
\$175,000	\$ 2.30
200,000	2.62
223,900	2.94
250,000	3.28
275,000	3.61

\$19 Million Park Improvements

Home Value	Impact
\$175,000	\$ 5.45
200,000	6.23
223,900	6.97
250,000	7.79
275,000	8.57

For a median valued home of \$223,900 the monthly impact would be approximately \$2.94 and \$6.97 for the fire station and park improvements respectively.

Financial Impact on Single Family Residential Water & Sewer Customers

The following table depicts the *ESTIMATED* monthly impact on single family residential water and sewer customers based on the proposed utility infrastructure improvements noted above.

Home Value	2011	2012	\$ Increase	% Increase
Water – base fee	\$ 10.18	\$ 16.50		62 %
Sanitary Sewer – base fee	7.78	12.45		60 %
Storm Sewer	2.25	3.72		65 %
Total	\$ 20.22	\$ 32.67	\$ 12.45	62 %

As this table indicates, a typical home will see a monthly increase of approximately \$12.45 per month. The impact would be the same for all single-family homes regardless of the home's value.

Combined Impact on Single Family Homeowners

When all impacts for the proposed initiatives noted above are combined, it results in an *ESTIMATED* monthly impact for a typical home of approximately \$24.66 per month. This represents a 25% increase over 2011.

Over the next 10 years, the additional \$25 per month would allow for an investment of \$49 million in improvements in water and sewer lines, parks, and public safety. During that same period, the City would be able to forgo several millions of dollars in repairs and renovations to these same facilities and infrastructure.

Additional information regarding the preliminary budget, tax levy, and utility infrastructure needs can be found on the City's website under 'News and Announcements' located at the bottom of the home page.

**General Comments Regarding Changes to the
State of Minnesota's Market Value Homestead Credit Program**

During the 2011 Legislative Special Session, legislators eliminated the State-imposed Market Value Homestead Credit (MVHC) program in an effort to reduce the state budget by \$260 million. The MVHC Program provided property tax relief to homeowners by systematically reducing the certified tax levies from cities, counties, and schools before those levies were passed along - effectively reducing homeowner's actual tax burden.

Left alone, this would have meant that local tax jurisdictions would have received less than what they needed. To counter this, the State reimbursed each local jurisdiction by the amount of the levy reduction. Collectively, this amounted to \$260 million statewide. In effect, the State of Minnesota was using state-derived income and sales taxes to pay for a share of the local taxpayer burden.

Since the MVHC program's inception in 2002, the State provided full reimbursement to cities like Roseville in only 2 of the 10 years of the Program's inception. This meant that Roseville was shortchanged in 8 out of the past 10 years. To compensate for the State's delinquency, the City of Roseville made permanent budget reductions and drew upon cash reserves. Many other cities did the same. This economic reality was the impetus for the 2011 change in the law.

In response, the State replaced the MVHC program with a Market Value Exclusion (MVE) program beginning in 2012. Rather than giving homeowner's a direct credit against their tax bill, the State will now exclude a portion of your home's value for tax purposes. In other words, the value of your home will be artificially lowered for purposes of determining your tax burden.

While the change to the MVE program was intended to be largely neutral from the homeowner's perspective, the reality is that most homeowners in Roseville will see a larger tax bill under the new law. A median-valued home could see an increase of \$11 per month in city taxes – even though the City itself did absolutely nothing different.

The reason is that the City's overall tax base shrinks (again, artificially), which in turn increases the City's tax rate holding all other factors constant. In other words, the exclusion of a portion of a home's value for tax purposes is more than wiped out by the higher city tax rate. This was an unintended consequence of the change in State Law, which did not factor in differences in local tax rates or the local tax base.

Homeowner's may receive some tax relief from these law changes through the State's Property Tax Refund Program. Information regarding this Program can be found on the Minnesota Department of Revenue's website at: www.taxes.state.mn.us under the 'Individual Taxpayer' section.
