- The Community Development Department is responsible for enforcement of the public nuisance provisions of the City Code. It accomplishes this through two separate programs: Land Use Code Enforcement and the Neighborhood Enhancement Program.
- Land Use Enforcement primarily addresses City Code public nuisance violations reported to staff by the public, such as: junk/debris, outside storage, long grass, junk vehicles, building maintenance, noise, etc:
  - o Land Use Enforcement's 2011 Year End Report is attached.
- The Neighborhood Enhancement Program is a more proactive type program that initiates neighborhood inspections (from the street) for similar public nuisance type violations in an attempt to identify and resolve public nuisances before they become large enough to negatively impact neighborhoods and property values:
  - o This program is funded by Roseville's Housing Redevelopment Authority.
  - o The Neighborhood Enhancement Program's 2011 Year End report is attached.
- Council has requested a specific report on the status of Abatement and Court Citation cases initiated.
  - o The 2011 Abatement and Court Citation Cases Status Report is attached.

#### POLICY OBJECTIVE

• Property maintenance through City abatement activities is a key tool to preserving high-quality residential neighborhoods. Both Imagine Roseville 2025 and the City's 2030 Comprehensive Plan support property maintenance as a means by which to achieve neighborhood stability. The Housing section of Imagine Roseville suggests that the City "implement programs to ensure safe and well-maintained properties." In addition, the Land Use chapter (Chapter 3) and the Housing and Neighborhoods chapter (Chapter 6) of the Comprehensive Plan support the City's efforts to maintain livability of the City's residential neighborhoods with specific policies related to property maintenance and code compliance. Policy 6.1 of Chapter 3 states that the City should promote maintenance and reinvestment in housing and Policy 2.6 of Chapter 6 guides the City to use codecompliance activities as one method to prevent neighborhood decline.

#### REQUESTED COUNCIL ACTION

Receive the Reports

Prepared by: Don Munson, Codes Coordinator

# Land-Use Code Enforcement Program 2011 Year End Report

#### **Background:**

- The Community Development Department is responsible for enforcement of most of the public nuisance provisions of the City Code.
- Land-use enforcement primarily addresses public nuisance violations reported to staff by the public, such as: junk/debris, outside storage, long grass, junk vehicles, building maintenance, noise complaints, unshoveled public sidewalks, etc.

## **Goals of the Program:**

- Greater public awareness and compliance with city codes and ordinances through education, cooperation and enforcement.
- Enhanced property values and livability of neighborhoods.
- Minimize negative effects of public nuisance violations upon surrounding neighborhoods.
- Maintenance of the city's tax base.

#### Case files per year:

• 2005 – 380 Cases 2007 – 425 Cases 2009 – 736 Cases 2011 – 546 Cases

• 2006 – 474 Cases 2008 – 730 Cases 2010 – 614 Cases

#### **Public Nuisance Violations (2011):**

- Types of violations:
  - o 23% Grass over 8".
  - o 6% Junk/Debris.
  - o 51% Residential.
  - o 7% Commercial.
  - o 13% Junk vehicles.
- Resolution of cases:
  - o 440 80% of cases resolved within 20 days.
  - o 25 5% of cases resolved within 40 days.
  - o 25 5% of cases resolved within 60 days.
  - o 46 8% of cases resolved over 60 days.
  - o 10 2% of cases pending resolution.

#### **Accomplishments:**

- Staff continues to improve procedures each year through reassignment of staff duties and streamlining staff procedures.
- To date have closed 98% of the 546 cases opened in 2011:
  - o Cooperation from the public on correcting public nuisances is typically very positive.
  - o 92% have complied with simple letter requests for compliance.
- Include in initial notices an informational brochure to educate residents about common public nuisance violations in an effort to minimize violations through education and cooperation.
- When a violation is a building maintenance issue staff includes additional HRA Program information as well as HRC Program information.
- Generating goodwill:
  - o Have received many supportive comments from the public about the cooperative and respectful approach staff takes when dealing with residents.
- The code enforcement program helps maintain the livability of neighborhoods.
- The code enforcement program helps maintain the city's tax base.

#### **Observations:**

- Still observing where one public nuisance tends to promote more of the same a clustering effect.
- Still observing more violations in neighborhoods of older homes; this is to be expected due to typically smaller lots, smaller garages and older construction.
- Some property maintenance cases remain difficult to resolve due to financial/physical hardship by the property owner. Many of the unresolved 'pending' cases are of this type.

# Neighborhood Enhancement Program 2011 Year End Report

#### **Background:**

• Program began in 2008 and is funded by Roseville's Housing and Redevelopment Authority.

#### **Goals of the Program:**

- Greater public awareness and compliance with city codes and ordinances through education, cooperation and enforcement.
- Enhanced property values and livability of neighborhoods.
- Minimize negative effects of rental properties upon surrounding neighborhoods.
- Maintenance of the city's tax base.
- In the first three-year cycle of the program, the City visited over 9,000 properties. Staff found that in all three years, the Neighborhood Enhancement Program has been well received by residents
- In 2011, City staff, again, began another cycle and visited 4,388 residential properties as well as 131 residential rental properties.

### **Residential Properties Inspected:**

- 2008 1,900
- 2009 3,159
- $\bullet$  2010 4,232
- 2011 4,388

### **Public Nuisance Violations Observed:**

- Numbers of violations observed:
  - o 2008 144 violations out of 1,900 properties inspected (7.6% violation rate)
  - o 2009 195 violations out of 3,159 properties inspected (6.2% violation rate)
  - o 2010 157 violations out of 4,232 properties inspected (3.7% violation rate)
  - o 2011 177 violations out of 4,388 properties inspected (4.0% violation rate)
- Types of violations observed:
  - o 0 % Commercial equipment in residential area.
  - o 3% Grass over 8".
  - o 33% Junk/Debris in public view.
  - o 22% Outside Storage in public view.
  - o 13% Property Maintenance.
  - o 29% Unlicensed/Inoperable Vehicles.
  - o 0% Misc.
- Resolution of cases:
  - o 164 92% of cases resolved within 20 days.
  - o 5 3% of cases resolved within 40 days.
  - o 2 1% of cases resolved within 60 days.
  - o 5 3% of cases resolved within 90 days
  - o 1 1% of cases resolved over 90 days
  - o 0 No cases pending

#### **Expenses:**

• 2011 – Staffing, vehicle, insurance, gas, office, postage, printing - \$20,875.

#### **Accomplishments:**

- To date have inspected 13,679 residential properties and observed 673 public nuisance violations:
  - o Public cooperation on correcting public nuisances has been exceptional.
  - o 98% complied with simple letter requests for compliance. Most, who have not complied, have not done so due to financial and/or physical hardship.
- Continuing with informational brochure to educate residents about common public nuisance violations in an effort to minimize violations through education and cooperation:
  - o Each initial letter includes this brochure.
  - o This brochure is also included in the City's Welcome Packet.
- Each initial mailing includes HRA Program information and HRC Program information.
- Generating goodwill:
  - o Have received many supportive comments from the public about the Program.
  - o League of Women Voters endorsement of the program.
- The program helps maintain the livability of neighborhoods.
- The program helps maintain the city's tax base.

#### **Observations:**

- Public comment has been overwhelmingly supportive of the program.
- Each year the very low percentage of violation rate indicates residents are aware of the program, support the program, and cooperate when they receive an initial letter.
  - $\circ$  2008 7.6% violation rate
  - $\circ$  2009 6.2% violation rate
  - $\circ$  2010 3.7% violation rate
  - $\circ$  2011 4.0% violation rate
- Still observing a clustering effect where one violation promotes more.
- Still observing more violations in neighborhoods of older homes; this is to be expected due to typically smaller lots, smaller garages and older construction.
- Some property maintenance cases remain difficult to resolve due to financial/physical hardship by the property owner.
